Facilities and Office Access Policy

Department: Engineering / Facilities

Version: 1.0

Last Updated: 2025-06-11

Office Access

All employees are issued a badge on their first day. Badge access to the office is available 24/7 for full-time employees; contractors are granted badge access only for the hours 8 AM to 7 PM unless a manager submits an extended-access request.

Visitor Policy

Visitors must be signed in at the front desk and escorted at all times in areas beyond the lobby and designated meeting rooms. Visitor badges must be returned before departure.

Lost Badge

A lost badge must be reported to Facilities within 24 hours so it can be deactivated. This is treated as a security-relevant event and may also be logged per the Employee Security Policy if device or credential compromise is suspected.
